Kindergarten Summer Homework Packet

A review of kindergarten skills to keep the mind active prior to going into first grade.

Created by Smart Kinder Cookies ©2013
Dear parents and families,

I am so proud of each and every one of the kindergartners this year and I have appreciated every minute I have spent with them. We have all worked so hard and learned so much throughout the year. I am sending home this homework packet and I strongly encourage you to set aside a few minutes each day to do the fun daily activities. This packet was made as a review tool but for those children that are ready to “go further” please do so!

I hope you all have a safe and happy summer!

Best wishes,
Monday
